

Pharmabiotics Programme

14 - 15 MARCH, Paris

Conference Programme Sponsored by **LACTOSAN**

Key Notes

Live Biotherapeutics; Enhancing Health Through Modulating the Human Microbiome

Paul Cotter, Principal Investigator
APC Microbiome Institute

The Microbiome - What Pharma Needs, What Pharma Thinks?

Marie Linder, Global Program Head, Strategic Partnerships
Novartis

Pioneering Microbiome Innovations

David Berry, General Partner
Flagship Pioneering

Identifying Biomarkers

Emerging Biomarkers in Oncology Related to Microbiome Disruption. Where are we Now and Where do we Need to go?"

Jack Gilbert, Director, The Microbiome Center at UoC
John Slattery, Director of Research & Innovation, Aces Health Inc.

Biomarkers in Osteoarthritis: Where are we? Where are we going?

Yves Henrotin, Professor
University of Liège

Bioinformatic Challenges in Microbiome Analyses

Chaired by Bruno Pot, President, PRI

How Can You Trust your Analysis Results from Targeted Metagenomics Studies?

Ségolène Caboche, Bioinformatics Researcher
Université de Lille

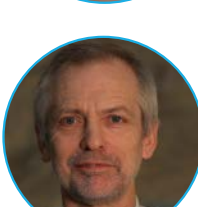

The Challenges in Performing Metagenomic Studies to Understand the Role of Gut Microbiome in Diseases

Manimozhiyan Arumugam, Associate Professor
Novo Nordisk Foundation

Ultra-high Resolution Microbiomics

Pernille Myers, Bioinformatics Specialist
Clinical Microbiomics

Panel Discussion: How to Overcome the Difficulties Relating to the Inter-Analysis Variability

Chaired by Bruno Pot, President, PRI

Ségolène Caboche
Bioinformatics Researcher
Université de Lille

Manimozhiyan Arumugam
Associate Professor
Novo Nordisk Foundation

Stephanie Ferreira
Innovation Manager
GenoScreen

Sébastien Leuillet
Statistics & Bioinformatics Manager
Biofortis

Regulatory Affairs

Chaired by Colette Shortt, Global Regulatory Director, J&J

The PRI: An Innovative Approach in Absence of Clear Regulatory Framework at the EU Level

Magali Cordaillat-Simmons, Executive Scientist
Pharmabiotic Research Institute

Nagoya Protocol: Legal Framework and Practical Consequences

Katia Martin-Lentz, Partner
Keller and Heckman LLP

Interactive Session: Internationalisation of Regulatory Issues for Pharmabiotics: What Needs to be Done?

Magali Cordaillat-Simmons
Executive Scientist
PRI

Sin-Hyeog Im
Professor
IBS/POSTECH

Colette Shortt
Global Regulatory Director
Johnson & Johnson

The Latest Science

How to develop Probiotics as immune-modulatory Pharmabiotics?

Sin-Hyeog Im, Professor
IBS/POSTECH

The MyNewGut Project

Yolanda Sanz, Professor
IATA-CSIC

Pharmabiotics Young Investigator Awards

YIA finalist I | TB Selected

YIA finalist II | TB Selected

YIA finalist III | TB Selected

YIA Awards Ceremony & Cocktail Reception

Sponsored by PRI

Skin: A New Target for Microbiota Interventions

Chaired by Bernard Pietzold, CSO, S-Biomedic

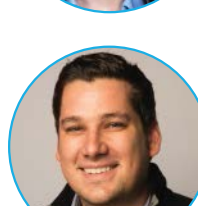

Skin Microbiota: Interest and Management

Richard Martin, CEO
Mercurialis Biotech

Investigating and Understanding the Role of the Skin Microbiota in Skin Disorders

Holger Brüggemann, Associate Professor
AARHUS University

'Bugs as Drugs' for the Skin: Novel Microbiome-Based Strategies for Skin Diseases

Travis Witfil, Co-Founder & CSO
Azitra Inc., Yale University

Taxonomic Thunderclouds

Untangling the Evolutionary Development of the Genus Bifidobacterium by Comparative Genomics

Marco Ventura, Professor
University of Parma

Deciphering the Diversity of Genus Lactobacillus: a Taxonomic Tale

Giovanna Felis, Associate Professor
University of Verona

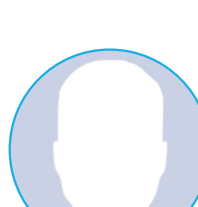

Innovation Showcase: Startup Pitch Slam

Chaired by Richard Ellis, Business Development, PRI

Developing Live Biotherapeutic Products

Personalized Pharmabiotics for Correction of Nosology and Individual Specific Microbiota and Immune Response

Nadya Boyko, Professor
Uzhorod National University

A Systematic Review with Meta-Analysis of a Pharmabiotic Composition for the Management of Ulcerative Colitis Remission in a Chinese Population

Thomas Tompkins, Research Director
Lallemand Health Solutions inc.

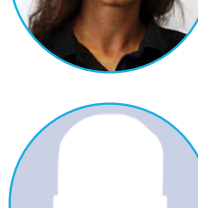

Sponsored Presentations

Standardizing Microbiomics – Removing Bias in Collection, Purification and Analyses

Sarah Hemmasi, Research Associate
Zymo Research

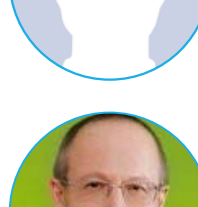

Sponsored by Zymo Research:

Biofortis Corporate Presentation

Sébastien Leuillet, Statistics & Bioinformatics Manager
Biofortis Mériieux NutriSciences

Sponsored by Biofortis:

From Dysbiosis to Cancer: Microbiome Research in Oncology and its Impact for Health and Therapy

Adolf Heschl, Lecturer
Zoological Institute of the University of Graz

Sponsored by Winlove:
